

Land Surveying - Certificate of Achievement

+If you have completed coursework at another college and/or are starting in a semester other than a Fall term, please follow up with the Counseling Department to determine if this sequence is appropriate for your academic and career goals.

Program Description:

The focus of the Land Surveying program is to provide the student with a thorough background in land surveying and mapping in addition to an introduction to the collecting, manipulating, formatting and mapping of geospatial data. A student who successfully completes the program will have the technical expertise necessary for an entry level position in the field of Land Surveying or related fields of geographic information systems specialists, architectural services, and engineering services. Land Surveyors typically measure and record property boundaries and the topography of the land covered by construction and engineering projects. Surveys are used to establish legal boundaries to prepare maps and exhibits, and write descriptions of land tracts that satisfy legal requirements. The program also assists students in preparing for the Fundamentals of Surveying Exam (formerly the Land Surveyor In-Training or LSIT exam) and the Professional Land Surveyor Exam issued by the State of California.

Program SLO:

Demonstrate proficiency in the core skills and knowledge required for employment in land surveying.

Important Information: For students interested in earning an Associate's degree and/or transfer, please follow up with the Counseling Office for additional information @ <https://www.canyons.edu/counseling> or (661)362-3288/(661)362-3811.

Major courses are sequenced and **BOLDED** based on recommendations by the [Land Surveying Department](#).

FA = Fall; WI = Winter; SP = Spring; SU = Summer

First Semester		(3-11 units minimum)	
Course	Title	Units	Major Courses
SURV 101	Introduction to Land Surveying (FA, SP)	4	Major
Math 102 OR Math 102X	Trigonometry (FA, WI, SP, SU) Trigonometry & Support for Trigonometry (FA, SP)	4 5	Major
SURV 110	CAD for Surveyors (FA, SP, SU)	3	Major
		Term Totals:	11-12

*Consult with a counselor for assistance in regards to which math course to enroll in based on placement results

Second Semester		(12 -18 units minimum)	
Course	Title	Units	Major
GIS 101	Introduction to Geographic Information Systems (SP)	3	Major
SURV 102	Advanced Land Surveying (SP, SU)	4	Major
		Term Totals:	7

Third Semester		(19 -27 units minimum)	
Course	Title	Units	Major
SURV 103	Advanced Applications in Land Surveying I (FA - 1st 8 weeks)	3	Major
SURV 104	Advanced Applications in Land Surveying II (FA -2nd 8 weeks)	3	Major
SURV 260	Boundary Control and Legal Principles I (FA)	3	Major

	<i>Term Totals:</i>	9	
Fourth Semester	(28 -34 units minimum)		
Course	Title	Units	Major
SURV 265	Boundary Control and Legal Principles II (SP)	3	Major
SURV 107	Construction Surveying (SP)	4	Major
	<i>Term Totals:</i>	7	

Total Units: 34 - 35
