A. 9+1

Ok so though sometime it would be nice to have stuff, we real need to look four are the job description vs the actuality of workloads based on volume. For example when we moved to this new building, my workload increased approximately 75% in one semester. I physically could not keep it with the demand having some statistical information in conjunctions with looking job descriptions as rubric might be on way to do it

- a. Legislation/Policy
- b. Working Relationships with Unions and Senates
- c. Senate Involvements
- d. Diversity

Discussion on 50% law:
