FACILITIES UPDATE

(2.1)

Mr. Schrage and Dr. Van Hook provided a verbal update on the progress of the construction projects on campus. The highlights were:

- Student Administration Building is completed - Ribbon Cutting, 3/25/15
- Culinary Building is open for Spring classes - Ribbon Cutting, 4/15/15
- Two Science Labs are undergoing a remodel
- ADA work is planned as accessibility standards change all the time

Other projects being discussed are:

- Public Safety Training Building
- Manufacturing Lab Building incorporated with Towsley Hall
- Adult Education Training Center
- CCC Science Building

Dr. Van Hook provided information on future funding. The Governor vetoed the bill to include a State Construction Bond on the last ballot in 2014. It was unanimously approved by the Legislature with one abstention, but he vetoed it so it would not compete with the Water Bond. As a result, all the Districts are feeling the constraint as 65% to 70% of GO Bonds are passing but colleges have no match. Bill are due February 20, 2015, and our District is hoping a bill will go forward.

The State has been funding the Student Success and Support Program, Workforce Development, Adult Education, and Student Equity. There is funding for all these State initiatives but no funding to pay for the facilities to house these functions and programs. In the early 1980's up to about 10 to 15 years ago, the State issued Revenue Bonds that paid the debt service out of current revenue. This may be one of the proposals for new State construction funding.

From 2000 to 2006, the State issued 2 to 3 State construction bonds that provided the college with State match funding. But, since 2006, the State has not issued any construction bonds, the same year that the college passed Measure M. When Measure M was passed in 2006, the vision was to build out the Canyon Country Campus within 10 years by matching Measure M resources with state bond funds. The college has done an excellent job maximizing the value of the bond resources, especially given the lack of state support. But without State bond matching funds, the college's ability to complete the Canyons Country campus has been limited.

The Canyon Country Campus has been full since it opened, with 80% of all AA degree graduates taking at least one class at the Canyon Country Campus. Enrollment has grown since the campus opened in 2007 with housing growth and more projects to be completed in the future. If a November 2016 state bond measure is passed, the college is eligible to receive state funding for two additional buildings at Canyon Country, but it's doubtful that money will be forthcoming in the near future. The State Chancellor's Office is only approving one building per year to be funded, in addition to Modernization projects, to accommodate the capacity needed on growing campuses.

Technology and the nature of industry changes every 18 to 24 months with training coordinated through the SCVEDC to meet the needs of business and industry in the areas of Allied Health, Science, Engineering, Bio Medical and Public Safety Training. With enrollment continuing to grow at both Valencia and Canyon Country, it will be incumbent upon the district to identify and obtain resources needed to ensure students have the best facilities possible for learning.

The Canyon Country Advisory committee is comprised of approximately 17 community members that have been instrumental in providing feedback regarding the development of the Canyon Country campus and support what can be done in the future to fund the continued expansion of the campus. With the support of the community that relies on COC to provide entry level training and degrees, pursuing additional funding is a critical next step to the expansion of facilities to serve students and the community.

FINANCIAL and PERFORMANCE ANNUAL AUDIT

(3.1)

Ms. Coleal summarized the audit for the Fiscal year ending June 30, 2014 and indicated how pleased she was with the clean audit. She explained that attorneys are consulted on all aspects of the construction projects and being proactive helps eliminate audit findings.

The Auditor's Report is on pages 2-3 of the Financial Audit. This report affirms that the financial statements present fairly the financial position of the Measure M Bonds at June 30, 2014 and provides an unmodified opinion, *the best opinion possible*. Page 4 indicates there is \$13,213,102 available for previously identified capital projects. Page 5 reports the revenues and expenditures for the year, which included interest income on the project fund, and expenses for one employee charged to Measure M to perform project management, audit fees, and capital construction costs of \$8,687,237.

Mr. Hedman asked if the District ever considered any other investments for the Measure M funds until they are spent. Ms. Coleal indicated that they are held in a Board approved fund at the Los Angeles County Office of Education (LACOE) and that a summary of the LACOE investments are in the audit. The funds are conservatively invested along with other funds held in trust for hundreds of K-12 districts and dozens of community colleges. We are fiscally dependent on LACOE and cannot invest the funds anywhere else. But, LACOE does provide fiscal oversight for our investments and a level of protection that ensures a confidence that our funds will be protected.

Ms. Coleal pointed out the Auditor's Report on Internal Controls on page 12 which confirmed the unmodified opinion (best opinion possible) and that there were not audit findings, which was why page 15 is blank. Ms. Coleal reviewed the Performance Audit, pointing out the positive Auditor's Report on page 1. She reviewed the objectives of the Performance Audit, which are to ensure that spending was in accordance with the voter approved list of projects, and that salary transactions were appropriate. She explained that the District consults bond counsel to ensure any new projects proposed are consistent with the bond language.

The auditors tested 70% of bond transactions, and testing 100% of the one employee charged to the bond. They calculated total expenditures to date and remaining bonds funds available, noting on page 6 that bond funds, combined with an estimated \$132 million in other funding sources such as Measure C, State and Foundation Capital Campaign donations, are estimated to fund over \$303 million in projects.

Mr. Holmes indicated that for "non-accountants" the main points to take away are that the Financial Audit shows that the assets and liabilities are properly stated, and the Performance Audit confirms the funds were spent on the correct projects. The audit letters show there were no deficiencies in processes while spending the funds.

Mr. Hoskinson asked if VTD had been always been the District’s auditors. Ms. Coleal indicted they had been with us since Measure C and explained the process that led to renewing their contract and the extensive research that went into the process. Community college audits are complex and not just any audit firm can do the job so it is important to find those that are experienced with District, Foundation and General Obligation Bond audits.

Ms. Coleal commended Cindy Grandgeorge – Controller, Balbir Chandi -Director Fiscal Services and Cynthia Fernando - Accounting Technician III, Construction Accounting, for their dedication and hard work that contributed to a successful audit. She also thanked Jim Schrage for his management of the construction bid and contract process that ensured a positive audit outcome.

The Committee moved Acceptance of the Financial and Performance Audits **Approval of Audits (3.1)**

Motion: Mr. Holmes Second: Mr. Hoskinson Record of Vote: 7-0

COMPLIANCE WITH PROPOSITION 39 – GO BOND OVERSIGHT COMMITTEE

Approval of Resolution 2014/15-01 Affirming the Santa Clarita Community College District’s Compliance with Requirements as Stated in the Law (Section 15278-15282) **Approval of Resolution (3.2)**

Motion: Mr. Hogan Second: Mr. Difatta Record of Vote: 7-0

LIFE TO DATE EXPENSES

Ms. Coleal reviewed the Measure M G O Bond Life to Date Expenditures information items.

Review of Life-to-Date Expenses by Project – As of September 30, 2014 **(3.3)**

Review of Life-to-Date Expenses by Project – As of December 30, 2014 **(3.4)**

Mr. Hedman asked why the contribution to the Canyon Country Campus permanent buildings were noted as pending. Dr. Van Hook explained that the State contribution is pending and as our need for additional instructional space goes up the amount of match the District will be required to contribute will go down. The State gave the Community Colleges “access funding” the last 2 years to serve more students, but one-half of the districts have not been able to rebuild their enrollments. As a result, our District was able to earn their funding. We strategically scheduled and went over our allocation, so it could count in that year and become ongoing funding. Next year we plan to capture other District’s growth if they cannot grow. Because we were strategic, we have increased the number of students served and are back to and have exceeded where we were before the recession and State cuts. Business and industry training has provided some of the growth.

GENERAL **(4.1)**

Ms. Coleal commented that the next quarterly report will be for March 31, 2015.

ADJOURNMENT

Mr. Lentini called for adjournment, and thanked everyone for their attendance. **Announcement of Next Meeting will be sent out (5.1)**

ITEM TITLE Review of Life-to-Date Expenses by
Project - As of June 30, 2015

- ACTION/CONSENT
 ACTION
 INFORMATION
 DISCUSSION

BACKGROUND ANALYSIS:

Life-to-date Expense Reports through June 30, 2015 are attached. The following chart summarizes the detailed Measure M reports with past expenditures and future planned expenditures, and also includes estimates of other funding sources the District has identified to augment Measure M funds. Securing funding from other sources maximizes the dollars available for construction and increases the impact of Measure M funds on our campuses.

- **Life-To-Date Expenses:** \$126,190,641 in Measure M funds has been spent on approved projects from May 2007 through June 30, 2015.
- **Contractually Obligated/Encumbered/Budgeted:** \$25,848,907 in unspent project funds at June 30th has been contractually obligated, encumbered, or budgeted to complete the projects listed, or has been set aside as a contingency reserve.
- **Total GO Bond Proceeds Committed:** The Life-To-Date Expenses and Contractually Obligated amounts added together equal \$152,039,548, which represents the total amount of Bond Proceeds from the first three issuances of Measure M and the estimated interest earnings.

May 2007 Bond Issuance	\$ 79,997,270
May 2007 Net Premium	\$ 2,602,721
May 2012 Bond Issuance	\$ 35,000,000
May 2012 Net Premium	\$ 2,577,125
September 2014 Bond Issuance	\$ 25,000,000
September 2014 Net Premium	\$ 1,187,886
Estimated Interest	\$ 5,674,546
Total GO Bond Funds Available	\$152,039,548

- **Other Funding Sources:** \$89,402,297 in funding from the State of California, COC Foundation Capital Campaigns, and other local sources to augment the first, second and third issuances of Measure M funds is estimated for various projects. In addition, the next Statewide K-14 Facilities Bond will provide State funding for a permanent building at the Canyon Country Campus.

ITEM TITLE Review of Life-to-Date Expenses by
Project - As of September 30, 2015

- ACTION/CONSENT
 ACTION
 INFORMATION
 DISCUSSION

BACKGROUND ANALYSIS:

Life-to-date Expense Reports through September 30, 2015 are attached. The following chart summarizes the detailed Measure M reports with past expenditures and future planned expenditures, and also includes estimates of other funding sources the District has identified to augment Measure M funds. Securing funding from other sources maximizes the dollars available for construction and increases the impact of Measure M funds on our campuses.

- **Life-To-Date Expenses:** \$126,794,902 in Measure M funds has been spent on approved projects from May 2007 through September 30, 2015.
- **Contractually Obligated/Encumbered/Budgeted:** \$25,346,645 in unspent project funds at September 30th has been contractually obligated, encumbered, or budgeted to complete the projects listed, or has been set aside as a contingency reserve.
- **Total GO Bond Proceeds Committed:** The Life-To-Date Expenses and Contractually Obligated amounts added together equal \$152,141,547, which represents the total amount of Bond Proceeds from the first three issuances of Measure M and the estimated interest earnings.

May 2007 Bond Issuance	\$ 79,997,270
May 2007 Net Premium	\$ 2,602,721
May 2012 Bond Issuance	\$ 35,000,000
May 2012 Net Premium	\$ 2,577,125
September 2014 Bond Issuance	\$ 25,000,000
September 2014 Net Premium	\$ 1,187,886
Estimated Interest	\$ 5,776,545
Total GO Bond Funds Available	\$152,141,547

- **Other Funding Sources:** \$89,402,297 in funding from the State of California, COC Foundation Capital Campaigns, and other local sources to augment the first, second and third issuances of Measure M funds is estimated for various projects. In addition, the next Statewide K-14 Facilities Bond will provide State funding for a permanent building at the Canyon Country Campus.

ITEM TITLE Acceptance of Measure "M" General

ACTION/CONSENT

Obligation Bonds Financial Audit and Performance

ACTION

INFORMATION

Audit for the Fiscal Year Ending June 30, 2015

DISCUSSION

BACKGROUND ANALYSIS:

Measure "M" was approved by the voters on November 7, 2006 under Proposition 39, which requires a 55% voter approval for authorizing the issuance of General Obligation Bonds. Measure "M" authorized the District to issue bonds not to exceed \$160 million. The District issued \$80 million in bonds in May 2007, \$35 million in bonds in May 2012, and an additional \$25 million in September 2014. The District has a remaining authorization of \$20 million in bonds to be issued at a future date.

Under the provisions of Proposition 39, the District is required to engage the services of an independent auditor to conduct annual Financial and Performance Audits. For the fiscal year ending June 30, 2015, the Financial and Performance Audits were conducted by the District's contracted auditors Vavrinek, Trine, Day and Co., LLP. The results are contained in their combined report, which is available from the Business Services Department upon request and also attached to this agenda item.

Financial Audit:

The Financial Audit section of the audit report contains the following highlights:

- ***Independent Auditors' Report***
 - This report affirms that the financial statements present fairly, in all material respects, the financial position of the Measure "M" General Obligation Bonds.
- ***Balance Sheet***
 - This schedule reports an ending fund balance in the project fund of \$25,848,906, which is available for future project expenditures.

(Continued)

FISCAL IMPLICATIONS:

No adjustments, audit findings, or questioned costs were noted on either the Financial or Performance Audits, and it was confirmed that bond funds have been spent appropriately. An unmodified opinion was issued, which is the ***best rating possible***.

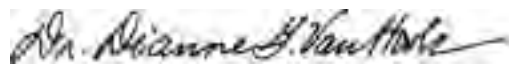

RECOMMENDATIONS:

Move Acceptance of Measure "M" General Obligation Bonds Financial Audit and Performance Audit for the Fiscal Year Ending June 30, 2015.

ITEM TITLE: Acceptance of Measure "M" General Obligation Bonds Financial Audit and Performance Audit for the Fiscal Year Ending June 30, 2015

MEETING DATE: January 19, 2016

BACKGROUND ANALYSIS (Continued):

- **Statement of Revenues, Expenditures, and Changes in Fund Balance**
 - This schedule reports \$177,620 in interest earned on Measure "M" Project Funds during the 2014-2015 fiscal year, \$12,541,816 in Measure "M" expenditures for salaries and benefits, services, and capital outlay, \$26,187,886 from the proceeds of the bonds issued in September 2014, and \$1,187,886 expended for a payment to the debt service fund and costs of issuance associated with these new bonds. These transactions net to a change in fund balance of \$12,635,804.
- **Notes to Financial Statements**
 - These notes discuss various accounting principles used in tracking the Measure "M" Project Fund, describe the investment of the project funds in the LA County Investment Pool until spent on qualified projects, and report on construction commitments and contingencies of \$957,378 at June 30, 2015.
- **Independent Auditor's Report on Internal Control Over Financial Reporting and On Compliance and Other Matters - Based on Government Auditing Standards.**
 - The auditors issued an unmodified opinion, the best rating possible.
 - The results of audit testing disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.
 - There were **no material weaknesses, deficiencies in internal control, or questioned costs identified.**
 - There are **no findings and recommendations** for the year ended June 30, 2015.

Performance Audit:

The Performance Audit section of the audit report contains the following highlights:

- **Independent Auditor's Report on Performance**
 - This report indicates the District expended Measure "M" Bond Funds only for the specific projects approved by the voters, in accordance with Proposition 39 and as outlined in the California Constitution.
- **Authority for Issuance, Purpose of Issuance, Authority for the Audit, Objectives of the Audit, and Scope of the Audit**
 - These paragraphs review the District's authority to issue the bonds, the purpose for the issuances, and the Proposition 39 requirements for an annual performance audit.

ITEM TITLE: Acceptance of Measure "M" General Obligation Bonds Financial Audit and Performance Audit for the Fiscal Year Ending June 30, 2015

MEETING DATE: January 19, 2016

BACKGROUND ANALYSIS (Continued):

- ***Procedures Performed***

- This section reviews the results of the **five procedures performed:**

Procedure #1: Auditors reviewed the general ledger to determine if bond funds were accounted for separately in the accounting records to allow for accountability.

Results: District was in compliance. Auditors noted the funds were accounted for separately in the accounting records.

Procedure #2: Auditors reviewed expenditures for exceptions in the District's procedures related to disbursement of Measure "M" Bond Funds.

Results: No exceptions were noted. Auditors reviewed 59% of all expenditures, which included all materially significant expenditures charged to the Measure "M" Bond Funds. Purchase orders, approved invoices, bid documentation, contracts, and budgets were reviewed and found to be compliant with Proposition 39 regulations and District Board Policies.

Procedure #3: Auditors reviewed the employee charged to Bond Funds to confirm that salary transactions were in support of Measure "M" and not for District general administration or operations, and prepared a schedule of all Measure "M" Bond Fund expenses incurred by project between July 1, 2014 and June 30, 2015. This schedule also reports inception-to-date expenses for each project.

Results: No exceptions were noted and schedule is included in the audit document. Auditors reviewed all supporting payroll documentation for the one employee charged to the Bond Fund and found all documentation in order. Total expenses of **\$13,729,702** were reported for the period July 1, 2014 through June 30, 2015, and **\$126,190,642** in Bond Funds have been expended cumulatively from inception of the bonds through June 30, 2015.

ITEM TITLE: Acceptance of Measure "M" General Obligation Bonds Financial Audit and Performance Audit for the Fiscal Year Ending June 30, 2015

MEETING DATE: January 19, 2016

BACKGROUND ANALYSIS (Continued):

Procedure #4: Auditors prepared a schedule of all projects started and/or completed since the inception of the bond and the total costs incurred from the inception of the bond.

Results: Schedule is included in the audit document. This schedule reports **\$87,821,332** in estimated GO Bond Funds and interest available for use on projects from the first issuance, **\$37,902,798** in estimated GO Bond Funds and interest available for use on projects and debt repayment from the second issuance, and **\$26,315,418** in estimated GO Bond Funds and interest available for use on projects from the third issuance. With **\$126,190,640** in Bond Funds expended from the first, second, and third issuances as of June 30, 2015, this leaves **\$25,848,906** remaining for projects. These remaining funds will be increased by additional interest earned after June 30, 2015.

Procedure #5: Auditors calculated the balance available for expenditure of bond proceeds at June 30, 2015.

Results: Analysis of the Bond Funds on hand as of **June 30, 2015** reflects the following:

Bonds issued as of June 30, 2014	\$146,365,001
Interest/Other Sources of Revenue	5,674,545
Expenses	(126,190,640)
Planned for Expenditure	\$ 25,848,906

- **Performance Audit Conclusion and Schedule of Findings and Questioned Costs**
 - The results of the auditors' testing indicated that, in all significant respects, the District has properly accounted for the expenditures held in the Measure "M" General Obligation Bond Funds and that such expenditures were made for authorized Bond projects. Further, Bond funds were used for salaries of administrators only to the extent that the administrator charged to the Bond Fund was performing administrative oversight work on construction projects, which is an allowable expense per the State of California Attorney General. **No findings or questioned costs were identified during the Performance Audit for the year ended June 30, 2015.** The performance audit does not receive an audit opinion.

To the Board of Trustees, Management, and
Citizens' Bond Oversight Committee
Santa Clarita Community College District
Santa Clarita, California

We have audited the financial statements of the Measure M General Obligation Bond Funds (Measure M) of Santa Clarita Community College District (the District) for the year ended June 30, 2015. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 24, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period. Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive estimates affecting the Measure M General Obligation Bond Funds' financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements of the financial statements.

Disagreements With Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

To the Board of Trustees and Management and
Citizens' Bond Oversight Committee
Santa Clarita Community College District
Page 2 of 2

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 21, 2015.

Management Consultations With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

Restriction on Use

This information is intended solely for the use of the Board of Trustees, management of the District, and the Citizens' Bond Oversight Committee of the District, and is not intended to be and should not be used by anyone other than these specified parties.

Report on the Financial Statements

We have audited the accompanying financial statements of the Santa Clarita Community College District's (the District) Measure M General Obligation Bonds (Measure M) as of and for the year ended June 30, 2015, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

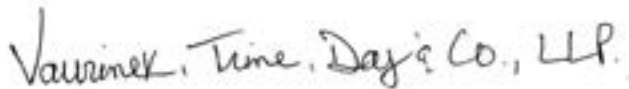

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure M General Obligation Bonds (Measure M) of the District at June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Measure M General Obligation Bonds (Measure M) and are not intended to present fairly the financial position and changes in financial position of the District in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2015, on our consideration of the District's Measure M General Obligation Bonds (Measure M) internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Measure M General Obligation Bonds (Measure M) internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

SANTA CLARITA COMMUNITY COLLEGE DISTRICT MEASURE M GENERAL OBLIGATION BONDS

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

The accounting policies of the Measure M General Obligation Bonds (Measure M) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

Financial Reporting Entity

The audited financial statements include only the Measure M General Obligation Bonds of the Santa Clarita Community College District (the District). These funds were established to account for the expenditures of general obligation bonds issued under the Proposition 39 Measure M General Obligation Bonds. These financial statements are not intended to present fairly the financial position and the changes in the financial position of the District in compliance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the Measure M General Obligation Bonds are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in the funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The Measure M General Obligation Bonds are accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. These fund financial statements do not include the adoption of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as the District was not required to adopt GASB Statement No. 54 under the reporting requirements of Statement No. 35.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

SANTA CLARITA COMMUNITY COLLEGE DISTRICT MEASURE M GENERAL OBLIGATION BONDS

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances lapse at June 30.

Fund Balance - Governmental Funds

As of June 30, 2015, the fund balance of the Measure M General Obligation Bonds was classified as follows:

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Summary of Investments

Investments as of June 30, 2015, consist of the following:

Los Angeles County Investment Pool	<u>Reported Value</u> <u>\$ 27,235,469</u>
------------------------------------	---

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the Los Angeles County Investment Pool.

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015**

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuation is provided by the following schedule that shows the distribution of the District's investment by maturity:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted Average Days to Maturity</u>
Los Angeles County Investment Pool	<u>\$ 27,207,068</u>	<u>595</u>

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the Los Angeles County Investment Pool is not required to be rated, nor has it been rated as of June 30, 2015.

NOTE 3 - ACCOUNTS RECEIVABLE

The accounts receivable at June 30, 2015, in the amount of \$92,040 represents interest earnings that have yet to be received. All amounts have been determined by management to be fully collectable.

NOTE 4 - ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

The accounts payable and accrued liabilities at June 30, 2015, represent amounts owed to vendors for both ongoing and completed construction projects in the amount of \$1,478,603.

NOTE 5 - FUND BALANCE

Fund balance is composed of the following element:

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Measure M General Obligation Bonds (Measure M) at June 30, 2015.

INDEPENDENT AUDITOR'S REPORT

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees and
Citizens' Oversight Committee
Santa Clarita Community College District
Santa Clarita, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Santa Clarita Community College District (the District) Measure M General Obligation Bonds (Measure M), as of and for the year ended June 30, 2015, and the related notes of the financial statements, and have issued our report thereon dated December 21, 2015.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Measure M General Obligation Bonds (Measure M), and are not intended to present fairly the financial position and changes in financial position of the District in accordance with accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's Measure M General Obligation Bonds (Measure M) internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's Measure M General Obligation Bonds (Measure M) internal control. Accordingly, we do not express an opinion on the effectiveness of the District's Measure M General Obligation Bonds (Measure M) internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's Measure M General Obligation Bonds (Measure M) financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Measure M General Obligation Bonds (Measure M) of the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's Measure M General Obligation Bonds (Measure M) internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Measure M General Obligation Bonds (Measure M) internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON PERFORMANCE

Board of Trustees and
Citizens' Oversight Committee
Santa Clarita Community College District
Santa Clarita, California

We were engaged to conduct a performance audit of Santa Clarita Community College District (the District) Measure M General Obligation Bond Funds (Measure M) for the year ended June 30, 2015.

We conducted this performance audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the District's compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution, but not for the purpose of expressing an opinion of the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

The results of our tests indicated that the District expended Measure M General Obligation Bond Funds (Measure M) only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution.

SANTA CLARITA COMMUNITY COLLEGE DISTRICT MEASURE M GENERAL OBLIGATION BOND

JUNE 30, 2015

AUTHORITY FOR ISSUANCE

The General Obligation Bonds were issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California *Education Code* and other applicable provisions of law.

The Bonds are authorized to be issued by a resolution adopted by the City and County Board of Supervisors adopted on March 27, 2007, pursuant to resolutions of the Board of Trustees of the District adopted on March 14, 2007 (the Resolution). The District received authorization from an election held on November 7, 2006, to issue Bonds of the District in an aggregate principal amount not to exceed \$160,000,000 to finance the construction, improvement, and repair of certain District facilities, the acquisition of equipment, and the improvement of aging plumbing, roofing, electrical, and earthquake safety systems, and to pay all legal financial and contingent costs in connection with the issuance of the Bonds. The proposition required approval by at least 55 percent of the votes cast by eligible voters within the District (the 2006 Authorization). The Bonds represent the first, second, and third series of the authorized bonds to be issued under the 2006 Authorization.

PURPOSE OF ISSUANCE

The net proceeds of the Bonds issued under the 2006 Authorization will be used for the purposes specified in the District bond proposition submitted at the Election, which include the financing of the construction, improvement, and repair of certain District facilities, the acquisition of equipment, to refinance certain of the District's outstanding lease obligations, and the improvement of aging plumbing, roofing, electrical, and earthquake safety systems, and to pay all legal financial and contingent costs in connection with the issuance of the Bonds.

AUTHORITY FOR THE AUDIT

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools, and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55 percent of the electorate. In addition to reducing the approval threshold from two-thirds to 55 percent, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* Sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.
2. The community college district must list the specific school facilities projects to be funded in the ballot measure, and must certify that the governing board has evaluated safety, class size reduction, and information technology needs in developing the project list.
3. Requires the community college district to appoint a citizens' oversight committee.

SANTA CLARITA COMMUNITY COLLEGE DISTRICT MEASURE M GENERAL OBLIGATION BOND

JUNE 30, 2015

4. Requires the community college district to conduct an annual independent financial audit and performance audit in accordance with the *Government Auditing Standards* issued by the Comptroller General of the United States of the bond proceeds until all of the proceeds have been expended.
5. Requires the community college district to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

OBJECTIVES OF THE AUDIT

1. Determine whether expenditures charged to the Measure M General Obligation Bond Funds have been made in accordance with the Bond project list approved by the voters through the approval of the Measure M.
2. Determine whether salary transactions charged to the Measure M General Obligation Bond Funds were in support of Measure M and not for District general administration or operations.

SCOPE OF THE AUDIT

The scope of our performance audit covered the period of July 1, 2014 to June 30, 2015. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2015, were not reviewed or included within the scope of our audit or in this report.

PROCEDURES PERFORMED

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2015, for the Measure M General Obligation Bond Funds. Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution and the Measure M as to the approved Bond projects list. We performed the following procedures:

1. We reviewed the general ledger and noted that funds were accounted for separately in the accounting records to allow for accountability.
2. We selected a total of 59 percent of all expenditures, which in part included all materially significant expenditures charged to the Measure M General Obligation Bond Funds. For the items selected for testing, there were no exceptions noted in the District's procedures related to the disbursement of the Measure M General Obligation Bond Funds. The District utilizes purchase orders to document the approval process for Bond disbursements and uses encumbrance accounting to ensure all approved disbursements have been budgeted and funds are available. Documentation to support transactions including approved original invoices and specific documentation related to bid procedures were reviewed to ensure compliance with Proposition 39 regulations and Board policies related to purchasing and contracts. Budgets for specific projects have been approved and monitored in accordance with Bond requirements.

**SANTA CLARITA COMMUNITY COLLEGE DISTRICT
MEASURE M GENERAL OBLIGATION BOND**

JUNE 30, 2015

3. We selected all employees charged to the Measure M General Obligation Bond Funds. For the employees selected for testing, there were no exceptions noted in the District's procedures related to the disbursement of the Measure M General Obligation Bond Funds. The District approves all employees charged to the Measure M General Obligation Bond Funds and uses encumbrance accounting to ensure all approved disbursements have been budgeted and funds are available. Documentation to support payroll transactions included personnel files and payroll records.

**SANTA CLARITA COMMUNITY COLLEGE DISTRICT
MEASURE M GENERAL OBLIGATION BOND**

JUNE 30, 2015

5. We calculated the balance available for expenditure of bond proceeds related to the approved projects within the bond project fund at June 30, 2015. As stated in the District's audited financial statements as of June 30, 2015, the expenditures from the Measure M General Obligation Bond Funds were \$13,729,702 for fiscal year 2014-2015, and total \$126,190,640 to date. Bond proceeds received to date total \$146,365,001, and interest revenue and other sources earned to date of \$5,674,545 provide \$25,848,906 from the second and third issuances available for future expenditures. There were no adjustments to the District's financial records as a result of our procedures.

CONCLUSION

The results of our tests indicated that, in all significant respects, Santa Clarita Community College District has properly accounted for the expenditures held in the Measure M General Obligation Bond Funds and that such expenditures were made for authorized Bond projects. Further, it was noted that funds held in the Measure M General Obligation Bond Funds, and expended by the District, were used for salaries of administrators only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004, by the State of California Attorney General.

Measure "M" Citizens' Oversight Committee

DATE: 01/19/16

ITEM TITLE Approval of Resolution 2015/16-01

- ACTION/CONSENT
- ACTION
- INFORMATION
- DISCUSSION

Affirming the Santa Clarita Community College District's Compliance with the Requirements as Stated In the Law (Section 15278-15282)

BACKGROUND ANALYSIS:

The implementing legislation (Sections 15278 through 15282 of the Ed. Code) states that the purpose of the Committee is "to inform the public concerning the expenditure of bond revenues." The specific mandatory functions of the Committee are set forth in the Code, as follows:

- ✓ Actively review and report on the proper expenditure of taxpayers' money for school construction;
- ✓ Advise the public as to whether the District is in compliance with Article XIII A, Section 1(b)(3);
- ✓ Provide oversight for both of the following:
 - Ensuring that bond revenues are expended only for the purposes described in Article XIII A, Section 1(b)(3), and
 - Ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
- ✓ Issue regular reports on the results of activities, at least once a year.

This Resolution is to affirm that the requirements specified in the law have been met.

This is the sixteenth meeting of the Santa Clarita Community College District Measure "M" Citizens' Oversight Committee since its initial meeting June 26, 2007.

FISCAL IMPLICATIONS:

None. The District is in full compliance and has properly expended the taxpayers' money on authorized construction projects.

RECOMMENDATIONS:

Move Approval of Resolution 2015/2016-01 Affirming the Santa Clarita Community College District's Compliance with the Requirements as Stated in the Law (Section 15278-15282) and determined by the Measure "M" Citizens' Oversight Committee at this meeting.
