Associate in Science for Transfer Degree: Environmental Science

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

- 1. 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) for STEM Requirements.
- b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- 2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AS-T in Environmental Science. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

It is highly recommended that counselors at community colleges discuss other possible courses that are part of major preparation at a target CSU campus and encourage students to take some of these additional courses prior to transfer.

Degree Student Learning Outcome:

Students will be able to apply physical, biological and social science principles and research to address current environmental issues.

Program Requirements:

Units Required: 41-42

| | | Units: |
|-------------|---|--------|
| BIOSCI-106 | Organismal & Environmental Biology | 4.0 |
| OR | | |
| BIOSCI-106H | Organismal & Environmental Biology - Honors | 4.0 |
| BIOSCI-107 | Molecular and Cellular Biology | 4.0 |
| OR | | |
| BIOSCI-107H | Molecular and Cellular Biology Honors | 4.0 |
| CHEM-201 | General Chemistry I | 5.0 |
| OR | | |
| CHEM-201H | General Chemistry I – Honors | 5.0 |

| ECON-202 | Microeconomics | 3.0 |
|--------------------|--|-----|
| OR | | |
| ECON-202H | Microeconomics - Honors | 3.0 |
| ENVRMT-103 | Introduction to Environmental Science | 4.0 |
| MATH-140 | Introductory Statistics | 4.0 |
| OR | | |
| MATH-140H | Introductory Statistics – Honors | 4.0 |
| OR | | |
| MATH-140X | Statistics with Support | 5.0 |
| MATH-211 | Calculus I | 5.0 |
| OR | | |
| MATH-240 | Calculus for Business and Social Science | 5.0 |
| | | |
| Plus four units fr | om the following: | |
| | | |
| GEOGRPH-101 | Physical Geography with Lab | 4.0 |
| | | |
| OR | | |
| ~~~~ | 71 1 1 2 1 1 1 7 1 | |
| GEOLOGY-101 | Physical Geology with Lab | 4.0 |
| D1 '1' ' | | |
| Plus eight units i | from the following: | |
| PHYSIC-110 | General Physics I | 4.0 |
| PHYSIC-110 | General Physics II | 4.0 |
| OR | General Filysics II | 4.0 |
| PHYSIC-220 | Dhysics for Scientists and Engineers, Machanias of Solids and Elvids | 4.0 |
| PHYSIC-220 | Physics for Scientists and Engineers: Mechanics of Solids and Fluids | |
| ГП I SIC-221 | Physics for Scientists and Engineers: Electricity and Magnetism | 4.0 |
