STUDENT HEALTH CENTER

AUTHORIZATION TO CONSENT TO MEDICAL TREATMENT OR COUNSELING OF MINORS

Introduction:

On rare occasions students at COC experience illness or accidents while on campus. The College has prepared for such emergencies by establishing a Student Health Center. When asked to respond to an emergency, College staff members are not normally able to take the time to determine if the student needing care is a minor or concurrently enrolled. To protect the interests of our students, as well as the interests of the College, we ask that the parent or legal guardian of every minor student sign this consent form prior to enrolling. Questions regarding this form should be directed to the Dean of Students, or the Director of the Student Health Center.

Please note that we will not enroll minor students without a signed consent form.
